Notice of Traffic Switch: US 183

Beginning at 7:00 a.m. on Saturday, April 12, 2008, the northbound and southbound lanes of US 183 will shift slightly to the east between FM 1327 and Evelyn Road. Traffic will use the newly constructed lanes of US 183 while the existing lanes are closed for reconstruction. To through traffic, this slight lane shift will be seamless.

Businesses on the west side of US 183 south of Evelyn road will need to use the striped driveway along the existing lanes of US 183 to access temporary Evelyn Road, which will allow them access to the new lanes of US 183. Businesses on the west side of US 183 north of Evelyn Rd will use the entrance at the existing intersection of US183 and Tom Sassman Rd.

This configuration is expected to last approximately 12 weeks, ending in July, when traffic will be put into a divided highway configuration.

Visit the SH 130 Web site at www.sh130.com for additional details.

**Dates subject to change. Please refer to signage in the area and use always use caution when driving in and around a construction area.*
