NOTICE OF DETOUR OF CR 104

The detour plan below was developed to allow for the reconstruction of CR 104 as it crosses the alignment of the future State Highway 130.

Beginning April 21, 2006*:

- CR 104 will be closed between the alignment boundaries of SH 130 for approximately six weeks*.
- Traffic will still have access to CR 104 on the east side of the alignment via SH 29, but will not be able to cross to the west side during this time frame.
- Traffic will still have access to CR 104 on the west side of the alignment via SH 29 and the CR 102/southbound frontage road of SH 130.

** NOTE: All dates approximate pending weather and utility relocations in the area.*

For further information, please do not hesitate to contact Rob Frazer of Lone Star Infrastructure at (512) 681-6288 or rob.frazer@lsijv.com and visit www.sh130.com for date changes and additional information.
