NOTICE OF DETOUR: CAMERON ROAD AND PFLUGER LANE

After working with appropriate local and state officials, detour plans have been developed for the reconstruction of the intersections of Cameron Road and Pflugger Lane with State Highway 130 as shown on the attached detour route maps:

Beginning in late December 2005*:

- Pecan Street will be reopened to traffic.
- Cameron Road will be closed to traffic within the right of way of SH 130 for approximately six to eight weeks.
- Traffic from Pflugerville wishing to access Cameron Road east of SH 130 will take the new Pecan Street bridge over the construction of SH 130 then continue to Cameron Road.
- Cameron Road traffic west of SH 130 will now be directed north on the SH 130 frontage road to Pecan Street where it will then take the new Pecan Street bridge over the construction of SH 130 then continue to Cameron Road.
- Pflugger Lane will be closed to traffic within the right of way of SH 130 for approximately four to six weeks.
- Traffic from Pflugerville wishing to access Pflugger Lane east of SH 130 will take Pecan Street to Weiss Lane then access Pflugger Lane to the north.

** Dates subject to change due to utility relocation work and weather. In order to avoid any inconvenience, Lone Star Infrastructure will not begin these detours on a holiday. Please refer to the message board and additional signage in the area and visit www.sh130.com for specific dates as the information becomes available.*

For further information, please contact Rob Frazer of Lone Star Infrastructure at (512) 681-6288 or rob.frazer@lsijv.com.
